US Market Development Group accelerates your success in growing profits across global markets through greater efficiency and in-country market reach.

www.usmarketgroup.com

US Market Development Group (USMDG) helps companies develop market opportunities across the globe. Utilizing our established, professional network from over 20 countries in multiple industries, USMDG can help your business accelerate market opportunities today. Our in-country relationships and expertise give you the competitive advantage.

USMDG is a full service organization with the experience, expertise and infrastructure to accelerate your success.

US Market Development Group (USMDG) delivers the highest quality, most efficient international business development system available.

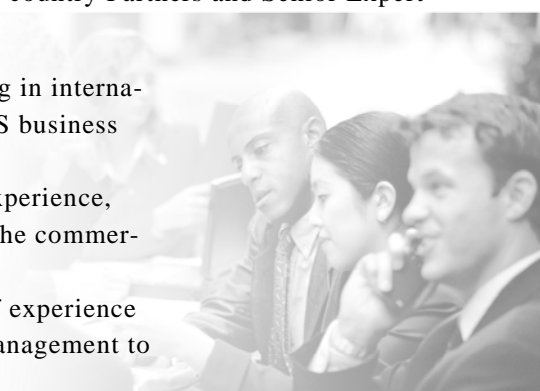

Quality + Efficiency = Accelerated Profits

The quality and efficiency of our system are clear from its key elements: experience, network, and global reach.

Our Experience & Network:

The combined abilities of our US based Executive Management, In-country Partners and Senior Expert Network are vast.

- ✦ Executive Management has over 30 years experience succeeding in international business and applying innovative approaches from top US business schools.
- ✦ In-country Partners who contribute decades of local business experience, country specific knowledge and valuable networks throughout the commercial, government and academic worlds.
- ✦ USMDG Senior Experts possess in many cases over 30 years of experience and are at the top of their respective fields, which span from management to engineering.
